

**2nd Meeting of the Archaeobotany in Greece Group (MAGG)**  
**International Conference, 26-27 January 2023**  
**Aristotle University of Thessaloniki**

**Thursday, January 26th**

**Research Dissemination Centre (KEDEA)**

- 9.00-10.00 Registration  
10.00-10.30 Welcome-Opening-Greetings  
Eleni Manakidou, Chair of School  
Panagiotis Tselekas, Head of Department  
Soulтана Maria Valamoti, LIRA Director  
Evgenia Gkatzogia, Angeliki Karathanou, Stavroula Michou, Soulтана Maria Valamoti, Organizing Committee

**Archaeobotanical research in Greece: case studies and regional syntheses**

**Session A**

- 10.30-10.50 Müge Ergun, Evgenia Gkatzogia, Maria Ntinou, Mike Charles, Amy Bogaard  
*The recent archaeobotanical results from the Neolithic lakeside settlement of Dispilio (Kastoria): Insights from Uncharred and Charred Plant Macro-Remains*  
10.50-11.10 Martha Kokkidou  
*Charred plant remains from the fifth millennium B.C. at Dikili Tash (sector V)*  
11.10-11.30 Evgenia Gkatzogia, Angeliki Karathanou  
*Subsistence and dietary habits in Late Bronze and Iron Age central Macedonia: an archaeobotanical approach*  
11.30-11.50 Tom Maltas  
*New archaeobotanical research in Aegean Turkey: initial insights into agrarian lifeways and urbanisation over the longue durée*  
11.50-12.10 Evi Margaritis, Carly Henkel  
*Cyprus and Crete in the Bronze Age*

**12.10-12.40 Coffee Break**

**Session B**

- 12.40-13.00 Evgenia Gkatzogia  
*Archaeobotanical and ethnographical research in Therasia, Cyclades*  
13.00-13.20 Kyriaki Tsirtsis, Carly Henkel, Juan José García-Granero, Evi Margaritis, Efthymia Elston Alphas, Despina Pilides  
*Macro- and micro- botanical remains hand in hand: the cases of two Bronze Age Cypriot sites*  
13.20-13.40 Georgia Kasapidou, Georgia Tsartsidou, Calla McNamee, Soulтана Maria Valamoti  
*A microbotanical approach to crop processing practices: evidence from Neolithic settlements in northern Greece*  
13.40-14.00 Trisevgeni Papadaku, Georgia Tsartsidou  
*Using phytoliths to talk about potters*  
14.00-14.15 Soulтана Maria Valamoti, Stavroula Michou, Chryssa Petridou  
*Exploring the plant foods of ancient Greece in the context of PlantCult: Integrative approaches*  
14.15-14.30 Soulтана Maria Valamoti  
*Presentation of PlantCult book: Food Crops of Ancient Greece*

**14.30-15.30 Lunch Break**

**Session C**

- 15.30-15.50 Georgia Tsartsidou  
*Roofs under the microscope: Identifying the organic materials through phytolith analysis*  
15.50-16.10 Pelagia Theodosaki  
*The structural use of wood in the Late Bronze Age site of Rema Xydias of Pieria, Greece: an anthracological study*  
16.10-16.30 Maria Ntinou  
*Woodlands and wood use around the Thermaic Gulf in the Bronze and Early Iron Ages*  
16.30-16.50 Antigoni Mavromati  
*Wood charcoal macroremains from the Heraion on Samos*  
16.50-17.10 Llorenç Picornell-Gelabert, Alexandra Livarda  
*Trees, fuel and forests at Palaikastro: an anthracological and archaeobotanical approach*

**Friday, January 27th**

**Research Dissemination Centre (KEDEA)**

**Archaeobotany and interdisciplinary approaches**

- 10.00-10.30 Clémence Pagnoux, Vincent Bonhomme, Laurent Bouby, Sarah Ivorra, Susan E. Allen, Soulтана Maria Valamoti  
*How to distinguish wild and domesticated grape pips: comparison of morphometric methods and insights into early viticulture in Neolithic and Bronze Age Greece*  
Alexandra Livarda, Hector Orengo, Paloma Aliende, Theoni Baniou, Charlotte Diffey, Alexandra Kriti, Ioannis Mylonas, Elisa Ninou, Federica Riso,  
10.30-10.50 Patricia Vandorpe  
*Archaeobotany and computational archaeology synergies: from prehistoric Aegean to Roman Europe*  
10.50-11.10 Alexandra Kriti, Alexandra Livarda, Hector Orengo  
*3D GMM Applications on Modern Experimental Cultivations' Botanical Assemblage*  
11.10-11.30 Charlotte Diffey  
*DarkSeeds: Investigating the nature of Late Bronze Age – Early Iron Age agricultural economies in the Aegean through the use of stable isotope analyses and 3D morphometrics*  
**11.30-12.00 Coffee Break**  
12.00-13.00 Closing-Discussion

**Laboratory of Interdisciplinary Research in Archaeology (School of Philosophy, New Building, 3rd floor)**

- 14.00-16.00 Lab session
